

Please answer the following questions (these will be available for all member-owners to read):

- Why do you wish to serve on the Board?

I am very concern with the current work environment, and the fiscal future of the coop.

- What do you see as the significance of the co-op and what is your relationship to the Co-op/that significance in the community?

The coop is a place where the community can rely on finding good affordable food. The coop should provide a welcoming place to shop and have Community gatherings.

- How has your work/life experience taught you the general skills listed on page 2 of the Board information sheet? Please be specific.

I have been a member of FCC for over 5 years, since the day that I moved to Greenfield, and I have worked at FCC for 4 years and that includes

- Which of the specialized skills (listed on page 2 of the information packet) or other both stores

community or organizational experience would you bring to your board service? Again, please be specific.

Since I work at both stores, I will be able to bring a point of view to the board that will be very informative. I know all of the employees at FCC, and I know many of our members who shop at FCC from over the years.

• After reading the enclosed article, "Policy Governance and the Role of the Board," do you have any questions, concerns, or comments about Policy Governance?

No

• Is there anything else, relevant or irrelevant, that you would like us to know about you?

I have been to many bored meetings over the years, and I know most of the board members already. I look forward to joining the board

**Thank you very much for your interest in the co-op and its governance!**
