

# Scholarship Form for Membership

**Members** own the Franklin Community Co-op and join by purchasing shares of stock.

## We Are Committed to Making Member/Ownership Accessible To All In Our Community

Our “scholarship” for membership actually works more like a revolving loan.

Funds from our pool of scholarship dollars will be put toward the equity amount needed for your household membership so that you would be current for one year.

At your one year anniversary of joining you can re-apply for consecutive years of scholarship or begin contributing to your equity share.

**Your scholarship entitles you to the full benefits of a regular member/owner of the co-op.**

## How To Apply For A Co-op Scholarship

- **Fill Out a Member Join Form**, available at any check-out register
- **Fill Out The Back Side of This Card**, applying does not guarantee approval, though most are approved
- **Turn In Your Filled Out Forms**, either via mail or at the front registers/customer service desk
- **Envelopes Are Available**, for confidentiality, please ask if you need one.
- **If You Are a WIC or SNAP Recipient**, you qualify for our *Food For All* discount program, please ask for an application
- **Thank You** for considering becoming a co-op member/owner, you will receive approval via the mail
