## **Berkshire Brewing Company Snap Dragon**

This pale ale is fermented, dry, and brings out big pine, citrus & apricot notes. Medium body built with generous amounts of Munich malt, pale wheat & malted oats.

## **Beer'd Brewing Company Whisker'd Wit**

Bone dry and highly carbonated with hints of curacao orange peel, and spice from a Trappist ale yeast.

## **Progression Brewing Connect the Dots**

Heavily dry hopped beer with Citra and a small smattering of Simcoe which rounds out and exemplifies the heavy tropical qualities and characteristics associated with Citra hops. Silky slick, clean and magical tropical citrus notes shine through and through.
